

GSMO Engage

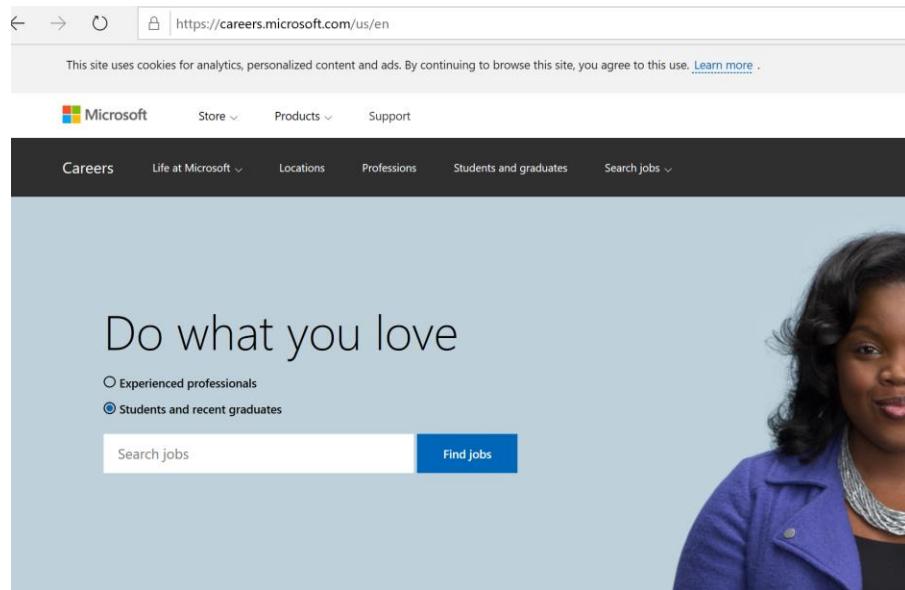

Online Application Process

Dear Student,

Congratulations on registering for GSMO Engage program with us! As you are invited to interview with Microsoft India for the GSMO Intern position, we would like you to complete your application with us by following the below mentioned steps.

Kindly follow the below steps for the same:

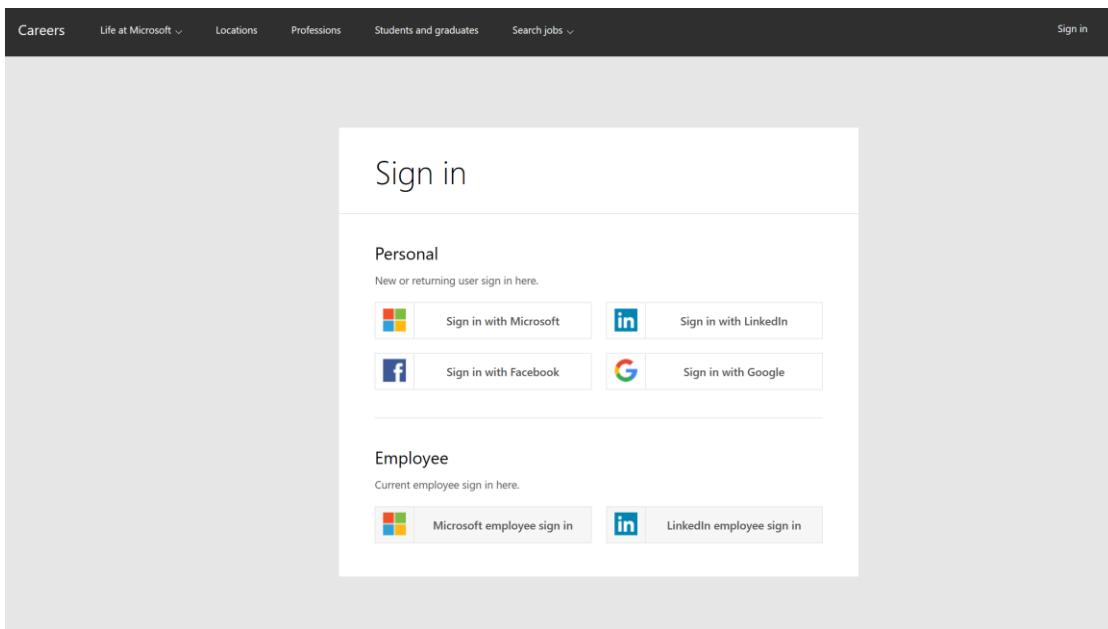

1. Login into <https://careers.microsoft.com/us/en>

2. Select the student and recent graduates radio button.
3. Enter the Job ID – **902366** and hit find jobs.
4. You will be routed to the below page:

A screenshot of the Microsoft Careers search results page. The search bar at the top contains the Job ID: 586514. The "Find jobs" button is highlighted with a white border. The search filters are set to "Experienced professionals" (unchecked) and "Students and recent graduates" (checked). The results section shows "Showing 1 - 1 of 1 student and recent graduate results for 586514". The result is a "Software Engineering Intern" position in Hyderabad, Telangana, India, posted on Feb 14, 2019. The description includes: "At Microsoft, we are on a mission to empower every person and every organization on the planet to achieve more. Our way forward is to build best-in-class platforms and productivity services for a...". There are "Refine your search" filters for Country/Region and State/Province, and a "Sort by" dropdown set to "Most relevant". A "Save" button with a star icon is visible on the right.

5. Select the Sales Intern position and Apply for the role.
6. You will be asked to sign in using the below 4 options: (kindly use the same email id as used to register on Ace-Hacker platform)

7. Fill in your application form. Fields like contact information/experience/education/additional information and attachments need to be filled in.
8. Point to be noted, while performing the above step, in your experience section, kindly mention about your previous experience there.
9. Ensure your resumes are attached. In case you miss out on attaching your resume, we will not be able to view your complete profile. To avoid this, please carefully complete your application process with us.
10. Post this, you are required to answer all the RQ questions on the next page. Complete that and hit submit.

Thanking you!

Regards,

Microsoft University Recruiting Team
